WOOD LEADS JOHNSON IN CLOSE NEW JERSEY RACE.

Wood Wins Ohio with All but Ten Delegates Pledged to Him; Idaho Delegation is Split.

(BY A. P. NIGHT WIRE)
NEWARK (N. J.) April 28.—Revised returns in all but two districts in New Jersey, tabulated at midnight, gave Leonard Wood a majority of 612 votes over Senator Johnson in the preferential Presidential primary held today. The vote was: Wood, 51,402; Johnson, 50,790.

Revised returns in the two districts where the Republican "big four" won, showed Wood leading in one and Johnson in the other. The vote in the two districts was: Wood, 13,448; Johnson, 12,441; Wood, 12,441; Johnson, 12,441.

HOVER RELEASES LETTER.

President Wilson to Accept League Reservations on November 19.

(EXCLUSIVE DISPATCH.)
NEW YORK, April 28.—Herbert Hoover today made public a letter written to President Wilson November 19, 1919. At that time the letter was also sent to Senators who were fighting for and against the League and for or against the various reservations and amendments to the League. Hoover was endeavoring in every possible way to bring the Senate and the League together at that time so that the question of the League might be kept out of the 1920 Presidential campaign.

"If we have the great misfortune of the League becoming a political issue in the Presidential election, it will become confused with our own domestic issues; our own radical prejudices, the constant and every difficulty in Europe upon the League."

"It will be impossible to secure the clear vote of the Senate, and the shades of difference between Democratic and Republican reservations are too fine for alignment of public opinion."

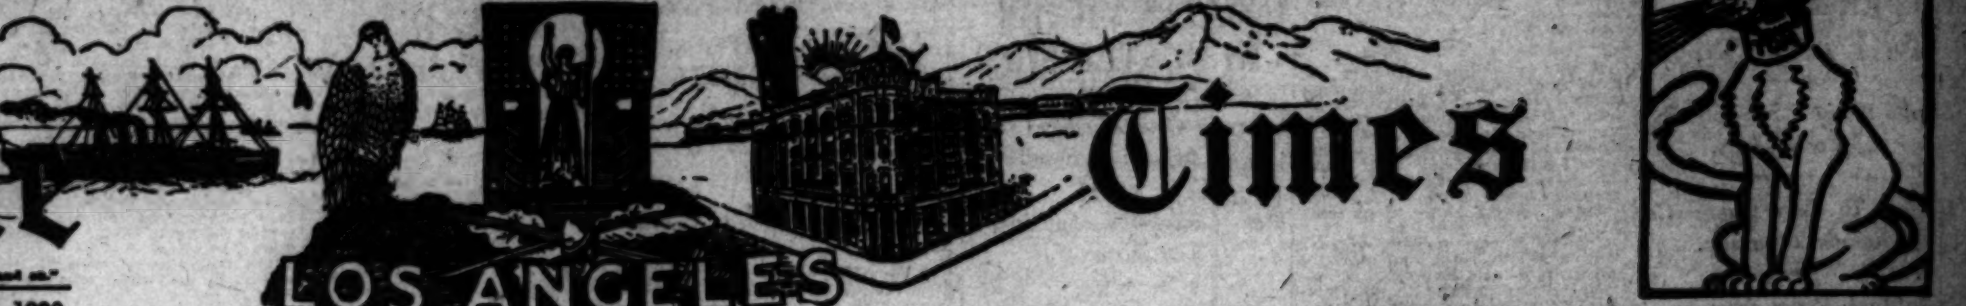

"My own feeling is, therefore, that the great question of the League should be kept out of the Presidential campaign, and that the League should be kept out of the Presidential campaign, and that the League should be kept out of the Presidential campaign."

STRAUSS CHECKS JOHNSON.

Calls Halt on the Senator's Claim that Roosevelt was Against League.

(EXCLUSIVE DISPATCH.)
SAN FRANCISCO, April 27.—Devoing in most vigorous language the claim made by Hiram Johnson that in his opposition to the League of Nations he represents the position of Theodore Roosevelt, Coast Straus, former Ambassador to Turkey, and member of the National Industrial Conference, close friend and associate of the former President, today telegraphed the following message to the people of California through Warren Gregory, president of the League of Nations.

"I understand the supporters of Hiram Johnson claim that in his opposition to the League of Nations he represents the position of Theodore Roosevelt. I am sorry to hear that. I am sure that Roosevelt would not have been so foolish as to make such a claim. I am sure that Roosevelt would not have been so foolish as to make such a claim."

REBEL TROOPS MEET DEFEAT IN BIG FIGHT AT CHIHUAHUA CITY

(BY A. P. NIGHT WIRE)
SAN ANTONIO, April 28.—La Prensa, a Mexican newspaper published here, tomorrow will print a dispatch from Mexico City saying a number of shots have been fired in the capital and describing the condition there as serious. No other details are given. The dispatch bears evidence of having been censored.

REBEL TROOPS MEET DEFEAT IN BIG FIGHT AT CHIHUAHUA CITY

(BY A. P. NIGHT WIRE)
EL PASO, April 28.—Revolting troops in Chihuahua city have been driven from the State capital by loyal forces led by Elias de la O, a civilian, who was secretary to Provisional Gov. Andreas Ortiz, now a candidate for constitutional Governor.

This information was received here tonight while Juarez troops were sleeping on their arms, ready for any attempted rebel movement. After their leaders had announced they would remain loyal to the Carranza government.

Following the first few skirmishes between rebel and Carranza forces the loyal troops were brought to the city and the rebels were driven out. The rebels were driven out of the city and the Carranza forces were brought to the city.

WASHINGTON, April 28.—The naval appropriation bill carrying approximately \$465,000,000 for 1921 naval expenditures passed the Senate last night without a record vote, and was sent to conference for adjustment of \$30,000,000 Senate increase over the House bill total.

Maintenance of the present naval force of about 137,000 men and 20,000 marines is provided in the bill, which passed the Senate within two days after it was taken up. It also appropriates \$128,000,000 to complete the 1914 building program of 154 vessels, due to be finished in three more years at additional cost of \$281,725,000, but does not provide for any extension of that program.

NEW YORK, April 28.—Legal obstacles which arose in the probate of proceedings following the death of a man in an automobile accident last November near Half Moon Bay, Cal., November 22, were eliminated by compromise today. The heirs of J. D. Sherwood arranged for Mary R. Sherwood to receive approximately \$400,000 from her sister's estate.

NEW YORK, April 28.—On evidence procured by the government's "flying squadron" of profiteer hunters the Federal grand jury today indicted two firms for alleged profiteering in sugar and a third on charges of selling illegal profits on potatoes.

Leon Israel & Brothers, Wall street brokers and importers, were charged with selling 500,000 pounds of sugar at 21.50 cents a pound, which they bought at 14.00 cents. Israel is a member of the New York Coffee and Sugar Exchange.

R. B. Sherburne was charged with having sold sugar at 21.75 cents a pound which he was said to have bought at 14.00 cents.

PAPER PRICES ARE EXCESSIVE.

Senate Witness Says Shortage is World Wide.

Doubts if Government Can Relieve Situation.

Substitute Peace Measure is Introduced by Knox.

(BY A. P. MERRY WIRE.)

WASHINGTON, April 28.—Doubt that the government will be able to accomplish a great deal in relieving the paper shortage was expressed today by Frank P. Glass of Birmingham, Ala., former president of the American Newspaper Publishers' Association.

Mr. Glass was one of the first witnesses before the Senate Commerce Committee, which is investigating the paper shortage. He stated that the shortage of newsprint was world wide. Mr. Glass said he thought present prices excessive.

Answering Senator McNary, a Republican, Oregon, Mr. Glass said there was no "speculation" for newsprint to divide territory for sale of the product because of the great demand for paper. He said he did not believe the current price was to blame for the shortage of newsprint.

OFFER PRICE-FIXING.

Price-fixing government control and restriction on the sale of newsprint by a postal law were opposed by the metropolitan publishers.

Arthur Dunn, representing the American Press Association, which carries a number of small dailies, declared the smaller publishers favored government control of distribution, but did not know whether they would support such a measure.

The complaint of the small publishers, voiced by Mr. Dunn, was that they were compelled to pay high prices while the big publishers, able to buy in larger quantities, bought cheaper under contracts.

"To increase production," said Mr. Dunn, "somebody is making a good big profit out of it." He said Mr. Dunn, adding, however, that he was unable to give any evidence of combinations or price-fixing agreements.

A substitute for the House resolution terminating the war with Germany was laid before the Senate Foreign Relations Committee today by Senator Knox, Republican, Pennsylvania. It was discussed briefly with Democratic opposition continuing.

The Knox resolution would pro-

vide for the establishment of peace with Austria. Further consideration will be taken up Friday.

CABLE LICENSE BILL.

A bill giving the Secretary of State right to license all cable lines landing on American shores was introduced today by Senator Kellogg, Republican, Minnesota, who said American cable communications with South America were being hampered by a Brazilian grant of exclusive rights to an English company to operate cables in its territory.

"Brazil is now levying a heavy tax on every word sent over the American route," he said.

The bill was referred to the Interstate Commerce Committee.

CALIFORNIANS ABROAD URGE HOOVER SUPPORT.

"COME THROUGH MAY 4 AND MAKE THE STATE FAMOUS," SAYS CABLEGRAM.

(SPECIAL DISPATCH.)

SAN FRANCISCO, April 28.—Cablegrams from Californians to make their State world-famous by electing Hoover delegate next Tuesday, reached here today.

A group of San Francisco and California commercial representatives in Europe, together with other Californians now engaged in relief work abroad, united in a cablegram reaching today by Ralph P. Merrill, manager of the Hoover Republican Club.

The cablegram says: "All Californians are confident that California will come through May 4 and make itself famous throughout the entire world by its appreciation of Hoover."

The Californians signing this telegram are: Alfred Fletcher, in Antwerp; Dorsey Stephens, in Bucharest; Clara Torrey, in Warsaw; "Wink" Simpson, in Budapest; Francis Gray, in Brussels; all of San Francisco; Walter L. Brown, California mining engineer, now in charge of feeding 2,750,000 starving children in nine countries of Central Europe; George Gay, who is with Brown in this work; Tom Berry, in Berlin; and John Davis, in London.

"The world is watching this California battle," said Merrill, "and this cable is one of the evidences of it. These men are all good Californians, loyal to State and to their country, and they take this means of doing a patriotic duty. This is the spirit which is winning for Hoover in California."

Editor's note.—The Alfred Fletcher whose name is signed first on the cablegram is the son of Rev. Alfred Fletcher of Los Angeles, veteran American and secretary of the Los Angeles Episcopal diocese.

INGALLS VICTOR IN OUSTER SUIT.

Supreme Court Sustains Him as Adjutant-General.

Was Campbell's Appointee: Seat Disputed.

Case has been Pending Over a Year for Decision.

(SPECIAL DISPATCH.)

FRESNO, April 28.—This morning in the Supreme Court of Arizona Walter S. Ingalls was sustained as Adjutant-General of Arizona, in the appeal taken by Atty.-Gen. Wiley E. Jones from a decision of the Superior Court of Maricopa county sustaining Charles W. Harris.

The decision was written by Justice Henry D. Rose and concurred in by Chief Justice Cunningham and Justices Baker.

Ingalls was appointed June 12, 1919, Gov. Campbell claiming that he could be displaced only in the event of a change in the militia laws of Arizona. The decision sustains the position of the Adjutant-General as such is a commissioned officer of the National Guard and decides that he shall hold office subject to the pleasure of the appointing power.

THE DECISION.

Therefore, it is concluded: "From the nature and duty of the office, and the intimate association of the office with the commander-in-chief of the National Guard of the State, every reason and consideration would seem to emphasize the necessity of the Governor having the power at any time to choose for such office a person in whose ability and fidelity he could have implicit confidence; and before he should be deprived of that power and right, a clear and implicit intention to do so should be made to appear."

If the view contended for by the Attorney-General, unfortunately were the law, administrations of the Governor's office of this State might come and go, but the Adjutant-General would "go on forever." Unless, perhaps, he should resign or absent himself without leave for three months, or be removed on the recommendation of an efficiency board or pursuant to a sentence of a court-martial. This contention is not sound and of course we cannot follow it.

HOOVER WRITES OLD MINE MATE.

Man Who Worked Night Shift in Grass Valley with Him Remembered.

(SPECIAL DISPATCH.)

GRASS VALLEY, April 28.—"Tom Harris, mine of Nevada City, is the proudest man in the State of California."

Norris worked with Hoover in the Grass Valley mines twenty-three years ago on the night shift. He recently wrote to his old-time friend, assuring him of his support. Hoover, who is administering five great relief organizations in New York, and who has resolutely declined to turn aside from his work for politics, dropped his work long enough to write Norris:

"I am glad to hear from California that I am being supported by my first mining mate. I have now twenty-three years since we worked the night shift together, and I feel very proud of a friendship that has lasted over so many years."

(Signed)

JOHN EDGAR HOOVER.

"Hoover will get about every vote in Nevada county," Norris declared. "He came here without a cent and went to work, and he is now the greatest American in the world. He has not forgotten the boys that went down the shaft with him in Grass Valley or anywhere else in the world."

petuity on the basis of interpretations made of an act of the Democratic Legislature, apparently for his personal benefit. He has drawn expense money, but no salary since appointment of Ingalls also has been getting only expense money and has due him nearly a year's salary.

WOOD LEADING IN NEW JERSEY.

(Continued from First Page.)

once, and then was suppressed quietly.

No effort was made in the convention for an instructed delegation. The State delegation is to be constituted as follows:

Senator Borah, John Thomas of Gooding, John Gray of Coeur d'Alene, and Stanley Thurston of Kellogg, delegates-at-large; Henry M. Jones of Lewiston and Harold Jones of Carson county, First District delegates; W. T. Guthrie of Twin Falls and M. T. Yeaman of Idaho Falls, Second District delegates.

The report of the resolutions committee, adopted with much acclamation, included the following:

"We recognize that Senator Borah in his opposition to the League of Nations as presented by President Wilson has rendered to the nation a great service."

Wood supporters were claiming tonight that Senator Borah and Guthrie would support their candidate in the national convention, while the "Big C" supporters were in doubt as to their probable stand.

PRIMARIES IN ALABAMA.

(BY A. P. MERRY WIRE.)

JUNEAU (Alaska), April 28.—John C. McBride, Junoan, was leading Charles H. Harris, Anchorage, by the votes today in the race for Republican National Committee, on the face of incomplete returns from the primary election.

George C. Haislet, Cordova, and T. M. Reed, Nema, topped the list for delegates to the Republican National Convention and Dan Rutherford appeared to have secured the Republican nomination for delegate to Congress.

Wood candidates were in the lead in the race for delegates-at-large to the Republican National Convention, but late returns indicated a possibility that four Harding candidates might be elected.

Tabulated returns from 5213 out of 5443 precincts in Ohio, gave: Daugherty (Harding) 33,531; Boyd (Wood) 24,475; Turner (W.) 14,347; Calvin (H.) 12,732; Herrick (H.) 11,639; Willis (H.) 10,411.

Returns tonight indicated thirty-eight, and possibly forty-one, of Ohio's forty-eight delegates to the Republican convention will be pledged to Senator Harding on first choice, while seven and possibly ten of the delegates will be pledged to Wood.

CLAIMS JOHNSON BEATEN.

(BY A. P. MERRY WIRE.)

CHICAGO, April 28.—The result of New Jersey's Presidential primary yesterday for the first time in the career of the California Senator, William Cooper Proctor, manager of Maj.-Gen. Leonard Wood's campaign, was announced today.

"Johnson's defeat in New Jersey, where Wood elected four delegates-at-large and all the district delegates except possibly two which are still in doubt, effectively stopped the California Senator," the Wood manager declared.

Gov. Edward I. Edwards, who has announced that he would carry the prohibition onto the floor of the San Francisco convention, was elected head of the Democratic "big four."

Democratic delegates-at-large elected, all without opposition, were James R. Nugent, Essex county Democratic leader, Mayor Frank Hague of Jersey City, and Mayor Frederick W. Donnelly of Trenton. Democratic voters did not have an opportunity to register their choice for President, there being no candidate names printed on the ballot, although all of the delegates in a virtually all of the district delegates are pledged to the candidacy of Gov. Edwards.

NEWARK (N. J.), April 28.—Charges that Senator Johnson had been "robbed" of the Republican preference for President in at least three counties of New Jersey were made tonight by William F. Yerlun, Republican leader in Hudson and one of the most enthusiastic Johnson supporters in the State. Mr. Yerlun made his allegations in a telegram to Senator Johnson, saying: "You were robbed in Camden, Morris and Essex counties."

He expressed the opinion that Johnson would win at least eleven of the twenty-eight delegates.

RICHMOND (Ind.), April 28.—"I make no charges, but I have a very lively recollection of the fraudulent Minnesota primary, and I have wired my friends in New Jersey for detailed information," said United States Senator Hiram W. Johnson here late tonight, in commenting on the New Jersey primaries. He had just received a telegram from William F. Verdon, telling of charges that he had been robbed in three counties.

A plea for decentralization of the power centralized during the war, in an effort to win quickly, and for an Americanism apart from the League of Nations, was made by Senator Johnson in an address here tonight. The Senator was there late in arriving.

Proceeding Senator Johnson's speech, James Logan of Loganport, Ind., spoke for almost two hours. He was blessed, and many persons left the hall when he said:

"If Gen. Wood and his campaign managers had gone to France they would have bought the German army."

WONT CONCEDE VICTORY.

(BY A. P. MERRY WIRE.)

NEW YORK, April 28.—C. J. Coy, assistant eastern campaign manager for Senator Hiram W. Johnson, announced tonight he was not willing to concede to Maj.-Gen. Leonard Wood victory in the New Jersey preferential primary. He added that, even if Wood carried the State, the margin undoubtedly would be so small as to amount virtually to a victory for Johnson.

"We entered New Jersey with no funds and virtually no organization to battle one of the strongest political organizations in the country, the New Jersey Republican State organization," he said. "Unless Wood wins by a very wide margin it will be a serious blow to his campaign."

"We have won eight district delegates and possibly one delegate-at-large in the State. Under the circumstances, and with only fragmentary reports we can see no reason for conceding a Wood victory in New Jersey."

LODGE LEADS IN BAY STATE.

(BY A. P. MERRY WIRE.)

BOSTON, April 28.—The organization states of Republican and

Democratic candidates for delegates-at-large to the national convention were elected by substantial majorities in yesterday's Presidential preference primary, according to the complete vote today.

Senator Henry Cabot Lodge led the Republican "Big Four," who headed the ballot as a group. He was followed in the order named by Speaker Frederick H. Gillett of the national House of Representatives, former Senator William Murray Crane and Edward A. Thurston, former chairman of the Republican State Committee.

The Democratic "regulars" were elected by majorities of three and four to one over former Congressman Joseph P. O'Connell, who made his campaign on an anti-prohibition platform.

Those elected are Senator David I. Walsh, Richard H. Long, twice Democratic nominee for Governor, and Joseph C. Pelletier and Daniel F. Deberry.

Of the thirty-five Republican delegates, including those at large, twenty-nine are unpledged, but several of these have announced their intention to vote for Leonard Wood and four are pledged to Wood and four are pledged to the ballot as favorably to him.

The "Big C" Republican candidates carried twenty-four of the thirty-eight cities.

No other Republican aspirants for the Presidential nomination made a campaign in Massachusetts. During the campaign Senator Hiram Johnson's headquarters reported endorsements of certain candidates by Johnson local organizations.

(BY A. P. MERRY WIRE.)

NEW YORK, April 28.—Indictments against violators of the Lever act will be sought by the government against leaders of the railroad strike in the New York district, according to an announcement tonight by Assistant United States Attorney General James H. McLaughlin.

The close of an investigation he has been conducting into transportation strikes here.

ST. LOUIS, April 28.—President Wilson was appealed to by striking yardmen here today to bring about a settlement of the unauthorized strike.

Copies of the appeal were telegraphed to Secretary of Labor Wilson and the Railroad Labor Board. The President was asked to urge the yardmen to return to work at 11 o'clock last night. No reason was given. Telephone calls to railroad officials and yard roundhouses failed to uncover any definite information.

WILL RESTORE FORT AS ARMY GARRISON.

(SPECIAL DISPATCH.)

WASHINGTON, April 28.—Secretary of War Baker told the House Committee on Public Buildings and Grounds yesterday that it is the intention of the War Department to restore Fort Sheridan to its original use as an army garrison.

The plan of the department in response to a question by Representative Chindblom of Illinois, who represents Fort Sheridan, Mr. Chindblom said the people of Chicago and vicinity are interested in knowing whether the War Department intends to continue the use of Fort Sheridan as a hospital, and that they much prefer that it be restored to its former use. Secretary Baker said that the hospital would not be retained permanently, but gave a hint as to when the change would take place.

WORKING CLASS HOLDS POWER.

Silent Revolution in England Brings Changes.

Geddes Addresses Chamber of Commerce Members.

Commission to Study Russian Trade Relations.

(BY A. P. NIGHT WIRE.)

ATLANTIC CITY (N. J.) April 22.—Changes have been wrought by the war in England which "almost deserve the title of revolution," Sir Auckland Geddes, British Ambassador, said tonight in an address before the annual convention of the United States Chamber of Commerce.

Vast new classes have been enfranchised, he said, and the working classes, strongly anti-militaristic, now hold "ultimate political power."

"They seek to the limit of the nation's power," the speaker declared, "to secure tranquillity in Asia Minor, in Asia and Africa. Silently and without fuss they have reduced the army to a strength many think barely sufficient to police the empire. They are determined to deal with problems of health, housing and education. They see clearly that to secure their pur-

pose they have to end the rumors and animosities which have torn Europe and brought her to the brink of disaster."

Reports of dissension among representatives of Great Britain, France and Italy at San Remo are "fantastic," the Ambassador assured the chamber.

"The question you have to decide," he continued, "is this: Are you going to stand by and wait for Europe's troubles to come after you, as come they will, or are you going out to help Europe and to make it a more reasonable condition."

TO STUDY TRADE RELATIONS.

The board of directors of the United States Chamber of Commerce today authorized the appointment of a commission to propose to Europe to investigate the possibility of resumption of trade relations between the United States and the Russian people.

President Homer L. Ferguson was directed to name the members of the commission and given authority to "bring the project to a successful termination."

The foreign commerce group of the chamber previously had unanimously adopted a resolution proposing American trade with Russia be resumed and characterizing the Soviet government as a "failing regime."

Discussion in the convention's general and group sessions today centered about problems of transportation and production as bearing upon the high cost of living and with organized labor's attitude toward recent legislation.

George A. Post, chairman of the chamber's railroad committee, declared "we have the right to expect and insist that the railroad employees will co-operate with their of-

icers and keep the wheels rolling, and not paralyze commerce with quarrels among themselves."

The attitude of organized labor toward the Railroad Labor Board is deeply to be deplored," he said.

"So bitter was their opposition that after the passage of the Transportation Act, publication was made by labor leaders of their intention to mark for condign punishment at the polls, all Senators and Representatives who voted for the measure."

REPRESENTS PUBLIC.

"The National Chamber of Commerce represents a large part of the public and it seems entirely proper, indeed imperative, that an appeal should be made to this body and to all those whom you represent, to see to it that no Congressman or Senator is defeated because of supporting this."

John H. Farde, president of the American Electric Railway Association, before the convention appealed to business men of the country to "help save the electric lines from ruin."

"The plain truth," said he, "is that their credit no longer exists and a necessary public service is being slowly, perhaps, but no less surely destroyed."

Mr. Farde urged the increased use of electric lines for short haul freight and passenger business.

PENROSE REPORTED AS CRITICALLY ILL.

SENATOR MAY NOT BE ABLE TO ATTEND CONVENTION; BROTHER DENIES STORY.

(EXCLUSIVE DISPATCH.)

PHILADELPHIA (April 22).—Rumors current in Washington that Senator Penrose is critically ill and probably will not be able to attend the coming Republican National Convention or take an active part in the party's Presidential campaign were denied here this afternoon. The reports said that Senator Penrose would not return to Washington during the present session of Congress unless something of the gravest importance should call him.

According to the gossip, Mr. Penrose's condition within the last week has become so critical that he cannot lie down to sleep and can only recline partly in his bed or a chair. He is reported to be much weaker than when he returned from Florida. A hacking cough also is said to cause annoyance and pain.

Informed of these reports, Charles S. Penrose, brother of the Senator, said that they were entirely unwarranted.

It was also reported the Senator had not been benefited by his Florida trip, and Gov. Spruiell may succeed the Senator should he be permanently incapacitated.

"That's all bunk," said Dr. Penrose. "The Florida trip did the Senator a world of good. He is recovering daily and attending to his correspondence. He is leaving his office to avoid details. He will be in Chicago with bells on. That is absolutely certain."

SEATTLE PUBLISHER SUES TO STOP SALE.

POST-INTELLIGENCER CHIEF WOULD PREVENT HEARST GETTING STOCK.

(BY A. P. NIGHT WIRE.)

SEATTLE, April 22.—Clark Nettleton, publisher and owner of the majority of the stock of the Seattle Post-Intelligencer, has started suit against George Boone, a minority stockholder, it became known today, demanding delivery to Nettleton of 700 shares of stock in the publication, alleged to have been "wrongfully delivered" to Boone by a bank where it had been held as security for a loan to Nettleton.

The complaint declares Boone is attempting to dispose of this stock and his own holdings to W. R. Hearst, from which attempt the court is asked to restrain him.

In a statement today to the Associated Press, Mr. Nettleton said: "Any rumor that the Post-Intelligencer has been sold or that the control of a majority of its stock has changed, or is about to change hands, is absolutely false and without foundation."

"I own and have actual possession of the majority of the stock and it is not for sale. The suit against Mr. Boone is to restrain a minority stockholder from in any way disposing of certain additional shares which belong to me."

SIX LEADING BANKS IN VALLEYS MERGED.

SACRAMENTO, STOCKTON, MODESTO AND FRESNO INSTITUTIONS CONSOLIDATED.

(BY A. P. NIGHT WIRE.)

STOCKTON, April 22.—Six leading banks of the Sacramento and San Joaquin Valleys have been merged, under the direction of J. Henderson Jr., of Sacramento.

The merged banks are Union National of Fresno, First National of Modesto, Union Savings of Modesto, Farmers and Merchants of Stockton, Fort Sutter National of Sacramento, and Sacramento Savings Bank.

The merged banks will be under one name to be announced later. The capital will be \$2,000,000, with a surplus of \$750,000 and resources in excess of \$50,000,000.

The management will be in the hands of the local boards of directors. J. M. Henderson Jr., will be the president, and the presidents of the local institutions will remain in their present positions, but as vice-presidents of the new bank.

Frank A. Guernsey, president of the Farmers and Merchants Bank of Stockton, declared that "the new bank will be an institution as the new bank will be," in confirming the report of the merger.

Whooping Cough.

In this disease it is important that the cough be kept loose and expectoration easy. This is best accomplished by giving Chamberlain's Cough Remedy. That preparation also tends to liquefy the tough mucus, making it easier to expectorate and renders the risk of coughing less frequent and less severe. It has been used in many epidemics of this disease with the best results. It contains no cocaine or other narcotic.

The Permanent Construction of "Modernized Adobe" Is More Economical Than Frame.

Prices Advance 5% to 10% May 10th

The prices on frame houses are pretty high at the present time—and by every indication the price of lumber will continue to advance. If you'll get out your pencil and do a little figuring you will find that a home "of modernized adobe" is less expensive in the long run. Adobe is as permanent as brick or tile and costs much less. We suggest that you see these charming homes in Walnut Park before the price advance becomes effective May 10. Then you will have to pay 5% to 10% more for any home in Walnut Park.

DODSON STOPS SALE OF CALOMEL

"Dodson's Liver Tone" Is Taking Place of Dangerous, Sickening Chemical, Say Druggists

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it," Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but it it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.—(Advertisement.)

Skin Irritations that Itch and Burn

Cause Untold Torture as Warm Weather Approaches

Many cases of eczema, tetter, pimples, scaly eruptions and other evidences of a disordered skin very often lie dormant during the winter season, but become active as warm weather approaches, and soon break out into almost intolerable torture.

As soon as you realize that so-called skin diseases originate in the blood, and treat them accordingly, you will be on the right track to free yourself of this annoying trouble.

Just imagine that there is a steady blaze of fire in constant contact with your tender skin, and you can form some idea of the pain that must be endured by the afflicted. For the millions and millions of thy disease germs that seem to burrow through the skin, each one carrying a torch of fire, cause pain that is almost unendurable.

And the constant plea of those afflicted is the oft-repeated question, "How can I find relief from this constant torture?" Not palliative, temporary relief that causes the terrible itching to abate for awhile, but real genuine relief that shakes off the shackles of the disease and restores the skin to its former healthy condition?

And temporary relief is the most that can be expected from local treatment, such as ointments, salves, lotions, etc., which is one reason why these diseases seem to hold on with such tenacity. It is not because they are incurable but because they are improperly treated that they appear to be so stubborn and so difficult to cure.

The fact is they are misnamed, and therefore, improperly treated. Because the trouble attacks the skin and all the pain and discomfort is confined to the surface of the skin, these disorders

are called "skin diseases" the real cause is a disease in the blood, which causes the million, and causes the irritation in some cases, the delicate skin.

You can get relief for the time being by scratching the skin, but you would not be cured in this way. You should you expect local applications, ointments or ointments applied to the skin, the reason that a cure from the source of the trouble.

You must know quarters of the body and cut off their supply. The blood is mineral and they will set up on the surface of the skin as they remain in the matter how much you take.

A million patients treatment applied to the face of the skin, but the cause of the trouble is from the blood, and are eliminated never be free from itching and burning diseases.

If you wish to then take a treatment right to the source of the trouble and removes its cause, remedy is S. S. S., the old blood purifier that cleans the blood and restores the system.

S. S. S. has been fully in some of the cases of eczema and other skin diseases, and it can be used to cleanse the blood, and also a splendid tonic and builder, and it builds adds new vigor to the system.

DOWN THE REDS,
SENATOR'S PLEA.

Myers of Montana Grills De-
partment of Labor.

Opines Country "Seething
with Disloyal Sedition."

Asserts Government Seems
Reluctant to Meet Issue.

(BY A. P. DAY WIRE)
WASHINGTON, April 28.—Declaring
that sympathizers with radicals
bent on the overthrow of the gov-
ernment are to be found even "in
high places," Senator Myers, Dem-
ocrat, Montana, speaking today in the
Senate, criticized the government in
general and the Department of Labor
in particular for failure to take
adequate steps to prevent the spread
of radicalism.

"The activities of those who would
undermine and overthrow our gov-
ernment are undoubtedly increasing,"
he said. "In my opinion this coun-
try is seething and seething with the
machinations of disloyal sedition
in particular for failure to take
adequate steps to prevent the spread
of radicalism."

Referring to the recent miners'
strike at Butte, Senator Myers said
that aside from the government
keeping temporary order by the use
of troops, he did not know what
would be done toward going to "the
bottom of this nest of anarchy and
rooting out the moving force."

"There is one thing," he said, "that
the government appears to be an-
tremely reluctant to do, and that is
to measure strength in a final test
with any organized body of persons
affiliated with organized labor or
calling themselves a branch of or-
ganized labor."

SAYS TEST IS AVOIDED.

"The government may promise to
do so, may threaten to do so, may
start to do so, but when the time
for the actual test comes it seems

Electric Fireless Cooker

Have You Seen It?

The gift of American genius to the twentieth century housewife is this **AUTOMATIC ELECTRIC COOK STOVE**

Touch the button that summons the modern fairy—electricity—to your kitchen. Leave in her trust-worthy, skillful hands the task of cooking.

No fuss and bother. No hurry-up meals. No standing over a hot stove. Nothing to do but place whatever is to be cooked, baked, boiled, fried or stewed in the

ALLMUR ELECTRIC COOKER

and then forget it. No need to spend most of the afternoon in the kitchen. Your food can't burn and doesn't need watching. The current automatically shuts off when sufficient heat has been generated.

The principle of a fireless cooker combined with electric heating means a saving on fuel bills as well as a big saving on meats. Lined with seamless aluminum and completely equipped, it's an economy and a convenience. Single compartment, \$45. Double, \$80. Sold at \$4.50 to \$8 down; balance monthly. Come in and see it TODAY.

Stop here on your way to town. This shop is out of restricted district and you can park here for two hours.

Dealers, attention! We are general distributors for Allmur Cookers and have an especially attractive proposition for you. Write us today.

Open Your Mind to the World's Great Science

Why not throw off the thing that has you shackled, which reduces your earning capacity, your vitality, makes you an unfit companion for your family and friends and renders you "less fit" than your neighbor? Chiroparactic points the way, but you must investigate. You must know it to appreciate it!

"Ask Our Patients"

Our staff of PALMER SCHOOL CHIROPRACTORS represents a total of six years' (8000 hours) study in preparation and over twelve years' actual experience in practice.

The reason of our success in Chiroparactic is, therefore, obvious.

TEXAN WOULD BE PRESIDENT

Ex-Governor Announces Candidacy on American Ticket.

Was Ousted from Office by Impeachment Proceedings.

Opposes League of Nations, Favors Unions and So On.

(EXCLUSIVE DISPATCH.)

AUSTIN (Tex.) April 28.—Never in the history of politics in Texas were there so many angles to the game as now. Both the Democratic and Republican parties are divided into factions and a new offshoot of the former organization is making a strong bid for State and national recognition. This new entry to the field of politics is called the American party and is led by former Gov. James E. Ferguson, who was removed from office three years ago by impeachment proceedings. Mr. Ferguson has just announced for President on the American party ticket. T. H. McGovern, former State Senator, is the American party's candidate for Governor of Texas. Ferguson is acknowledged to have a strong following in this State. He is seeking to extend the new party's organization through the United States.

In the announcement of his candidacy for President, Mr. Ferguson makes some interesting and striking statements. He declares against national prohibition, and says he wants Congress to permit the sale of light wines and liquors not more than 4 per cent. alcohol, pending the repeal of the prohibition amendment to the Constitution. He is opposed to woman suffrage. Continuing he says:

OPPOSES LEAGUE OF NATIONS. "I am unalterably opposed to any League of Nations. No matter what kind of a document we would sign, when it became necessary for us to kick out we would promptly do it. If the other nations were to kick out when we did not want them to, then we would have to go over to their country to make them kick in, and that would mean war again across the pond or the failure of the League."

"We don't need any foreign war any longer. We have our own war."

"No greater proof of the insanity of those who formed the League is needed than the fact that the League of Nations was denied."

During the war, the blood of men was up, and reason often gave way to passion. Men misunderstood each other. Intemperate expressions were sometimes provoked and at other times not justified. I believe in forgetting those conditions as far as we can.

"It is a divine duty, and when I am elected President, I shall at the earliest moment grant a full and complete pardon to Eugene Debs and restore him to full citizenship as an American citizen."

"I am opposed to any compulsory military training. This country has had all the military training and preparedness that it needs for ten years to come, and we need an army to take the corn field far more than an army to take the battlefield. Just now the world needs an army to raise hope far more than an army to kill Hun."

"With the growth of the idea that government must do everything regardless of the right of the citizen, comes the idea that the laboring masses must surrender their right of protection and their freedom of action."

FAVORS UNIONS.

"I demand the right of labor to form a union. I demand the right of that union as a union to contract for the employment of the members of that union. I demand the right of that union to call a strike and quit their employment at any time that they may want to. The laboring man sells muscle and brain. The farmer sells cotton and grain."

"We had just as well condemn the farmers for organizing and striking to get their product together and to withhold that product from the market until the price suits them, as to condemn the workman's union, which arranges to sell muscle and brain together and refuses to sell when the price doesn't suit them. I denounce the resort to court injunction to make labor work, as a crime against human liberty. I denounce the resort to court injunction to stop a strike as the first step to human slavery. Instead of appointing Federal judges for life I would let the people elect them for six-year terms. In the struggle now before us we must resist every effort made to foster tyranny and oppression upon those who labor, whether in the city or in the country, upon the farm or in the factory, yes, wherever the toiler toils. Let us resolve that freedom, justice and opportunity for a better day and a higher life shall be achieved and guaranteed."

"I am in favor of amending the farm loan law so that loans can be made to small farmers, who actually live on the farm, to the extent of 50 per cent. of the value of the land, at not exceeding 5 per cent. interest, on forty years time. I would have the government guarantee these loans and exempt them from taxation."

"The government had better loan a producer nine-tenths on his land than to loan a national banker tenths on his note, upon which he makes a profit besides. The land question is the biggest question before the American people."

"Instead of a continual row about what we shall drink, let us think about something to eat and something to wear."

WOULD REDUCE INCOME TAX. "I would reduce the present income tax to one-fourth of what it is now, and to pay the war debt, now amounting to \$25,000,000,000, I would levy a tax of 16 cents on beer and 50 cents a gallon on wine, which tax would, on a pre-war consumption basis, yield a revenue of \$1,500,000,000 a year, and the income tax would yield another \$100,000,000, making a total of \$2,000,000,000."

"Bonds running forty years, bearing 4 per cent. interest, could be issued to refund the war debt of \$25,000,000,000, and it would take of the taxes \$425,000,000 to pay the sinking fund and \$1,000,000,000 to pay the 4 per cent. interest, or a total of \$1,425,000,000 to pay the war debt and interest, and beer need never be over a nickel a glass and wine a dime. Then the remaining \$175,000,000 I would give to the forty-eight States, in proportion to population, to become a school fund, and thereby secure popular education of the masses."

The People and Their Daily Troubles

DOROTHY DIX TALKS

PRISONERS OF LOVE.

BY DOROTHY DIX.

Once upon a time I was invited to help celebrate the fourth birthday of an isolated only child. Said a loving aunt to the little one:

"My darling, this is your birthday and I want you to be perfectly happy, so you may have anything or do anything you wish, no matter what it is. What do you want most?"

The little girl thought a long time, then she replied:

"To rather walk around the block without anybody holding my hand than anything else in the whole world."

There spoke the poor little prisoner of love. Not a moment of her life but some watchful eye had been spying upon her. Not a movement had she made that had not been directed. Never once had she been permitted to stand alone or go out alone and, baby as she was, she resented it. Baby as she was, she felt her fetters. Young as she was, something in her soul cried out that freedom was the most precious gift in the world.

And that no amount of affection on the part of one's father, no willing of the bars can ever make a prison anything but a prison. The mistake that these parents made is a very common one among fathers and mothers. They make prisoners of love of their children. They bind and fetter their children's hands and feet with their affection until the children either sink into helplessness and supine lifelessness or else they break brutally away from their fathers and their mothers and flee from them to the uttermost parts of the earth.

And in either case, they break their parents' hearts, and they wonder why it is that Johnny and Mary have never had any more ambition and initiative, and have never amounted to much, or how Johnny and Mary could have been cruel enough to go away and leave them, even if they have made much money in South Africa and New York. And they never dream that their over-love, which kept them from giving their children a square of liberty, furnishes the answer to both questions.

There is no tragedy in life greater than the inability of parents to realize that their children grow up, and this is responsible for the breaking up of many happy homes. Until Mary is 16 years old mother thinks of her as a toddling infant whose hand she must hold in the walks around the block. "Don't John," is grumbled and more-shouldered father considers him a willow baby whose arms never he must direct.

That is why some are dead when they go into business with their fathers. Father will never grant them any authority, or have any respect for their judgment, or think that they have a right to anything but a little pocket money as their part of the profits of an undertaking. As long as Mary stays at home mother tells her how to make a cake every time she attempts to, though Mary may be the queen cake maker of the village, and mother selects her clothes and tells her when to go to bed and what is good for her digestion.

Think of how few of the rich men's sons you have known who have been equal to carrying on their fathers' business. They have been the prisoners of love so long that when their father died they were like those captives in the Bastille who sat still in their cells after the doors were swung open, knowing not what move to make, bewildered with a liberty they did not know how to use.

And among the most pathetic prisoners of love are those victims to their hearts and their consciences, who have let their parents shoot opportunity away from them on the other side of the wall. Mary had a most desirable offer of marriage, but mother wept and begged

GASOLINE ALLEY—DOC'S IN THE GIFT MARKET.

her not to leave her father, and Mary was too devoted a daughter to buy her own happiness by making her parents unhappy, so she said good-bye to love, and doomed herself to a lonely and purposeless old-maid-enhood.

Tom had a splendid opportunity to go into business but father couldn't run the farm or the village store without him so he stayed on, and is dragging out his life for a pit-tance, and nobody even pins a good conduct medal on Tom's breast, for father is so happy to have Tom always bound to him, that he doesn't realize Tom isn't equally hilarious about being bound. For after all, there is a difference between being father and prisoner.

Perhaps we are all prisoners of love, for the silken cords of affection behind us bind more securely than could iron bands. But oh, dear, and beloved fathers, be merciful to us, and some time set the prison door ajar a little so that we can see out to freedom! Let us sometimes walk around the block without holding our hands.

QUESTIONS ANSWERED

MUFFINS and POPOVERS

From the NEW ROYAL COOK BOOK

BREAKFAST is too often eaten as a duty rather than a joy. The success of the day may depend upon the spirit of breakfast. The Royal Educational Department presents some breakfast dishes that will send the children to school with a hip hip hurrah and his majesty man to his daily duties with the "up and doing" feeling which knows no discouragement.

Recipe for Muffins
1 cup flour
1 teaspoon Royal Baking Powder
1/2 teaspoon sugar
1/2 teaspoon salt
1/2 cup milk
1 tablespoon shortening
Sift together flour, baking powder, sugar and salt; add milk, well-beaten eggs and melted shortening; mix well. Grease muffin tin and put two tablespoons of batter in each. Bake in hot oven 20 to 25 minutes.

Recipe for Popovers
1 cup flour
1 teaspoon Royal Baking Powder
1/2 teaspoon sugar
1/2 teaspoon salt
1/2 cup milk
1 tablespoon shortening
Mix and sift dry ingredients, add milk and melted shortening.

Dental Skill Plus Equipment Equals Satisfaction

YOU are the one to be satisfied, and from beginning to end that is our sincere endeavor.

—In this day and age the one-man plant is not efficient because the necessary mechanical equipment cannot be owned and operated economically by the dentist who, however skilled he may be, is working alone. Today, in addition to skill, the dentist MUST possess modern mechanical equipment in order that he may produce the highest grade of work at reasonable prices.

—Furthermore, the combined advice of a number of skilled operators, in consultation and under able direction, is of the greatest importance to the patron.

—Such is our mechanical equipment and such is our service, nearly \$50,000 being invested in equipment, and our skilled operators are under the direction of Dr. Foster.

—Dr. Foster's RESTORATION PLATES have established for him a deserved and wide reputation. They restore the fullness of your cheeks, fit perfectly and give complete satisfaction.

MAYOR ASSAILED

IN POLICE CASE.

Ousted Man He is to Judge

Battles to Bar Him.

Accused of Bias, Executive

Admits He Voiced View.

Court Criticizes Action in

Postponing Decision.

In taking under submission the

points raised in the hearing of the

petition for a writ of prohibition

James McNamara, detective

sergeant, who was dismissed by Chief

Horne and who asked for an in-

vestigation and reinstatement, Judge

Hewitt yesterday stated it would be

better for city officials not to judge

in advance of an official investiga-

tion.

This remark grew out of the ex-

amination of Mayor Snyder, who in

response to the questions of Ator-

ney Griffith Jones, counsel for Mr.

McNamara, admitted that he did

state he had made up his mind as to

the guilt of Mr. McNamara. He

added that he thought he had said,

"but you can't disprove the

charges."

The Mayor was charged with prej-

udice and for that reason it was

sought by a writ of prohibition to

prevent him from sitting as a mem-

ber of the Police Commission when

the charges against Mr. McNamara

are heard.

During the hearing, which devel-

oped an apparent discrepancy

among the recollections of certain

witnesses as to what the Mayor

really had said in discussing the

charges, Mr. Jones stated that the

City Attorney at a previous hearing

in Presiding Judge Heller's court

had stipulated that the point would

not be raised before Judge Hew-

itt that a writ of prohibition would

lie against an individual.

Deputy City Attorney O'Connor

retorted:

"I would hate to use the short

and ugly word."

"I am ready," replied Mr. Jones.

Judge Hewitt said that if the

short and ugly word was used in his

court, he would send the belliger-

ents to jail.

The matter under submis-

sion he stated that the questions

of law to be considered are whether

the investigation with respect to a

reinstatement is a judicial func-

tion and therefore subject to being

stayed by a writ of prohibition, and

whether the writ can be directed to

an individual member of the Police

Commission instead of to that body

itself. He said that as he under-

stands it, the only person who has

the power to remove or suspend in

the police department is the Chief

of Police. After an officer is re-

moved, he has a right to apply to

the Police Commission for an in-

vestigation, as in this case.

John Craig made the argument

for Mr. McNamara.

Lightweight Champion is to Give All Aspiring Pugs a Chance Late in May.

LEONARD SIGNS FOR TITLE FIGHT.

Lightweight Champion to Defend Title in Title Fight.

Twenty-Round Fight Scheduled for Late May.

Select Opponent from Three Sifted Candidates.

(By A. P. HUNT WIRE.)

SAN DIEGO, April 28.—Benny Leonard will defend his title at the Juana in a twenty-round battle in the latter part of May. This announcement was made by James W. Coffey, Leonard's manager.

Coffey stated the fight will be held at the next track, probably two weeks after the termination of the present race meet.

The battle will be staged under the supervision of the directing committee of the Juana track.

Leonard's opponent to the battle has been chosen. It is said, Manager Coffey having agreed to match the champion with any one of three men whom Coffey named. These have been named by the New York manager.

Coffey will not divulge the names of these lightweight pugilists, which are now in progress. It is said the opponents suggested for Leonard are three of the principal lightweight pugilists in the world.

TO WAGE WAR UPON STYMIE.

(By A. P. HUNT WIRE.)

CHICAGO, April 28.—Representatives of the Western Golf Association, meeting in Chicago today, planned to continue the campaign to abolish the stymie by introducing a recommendation for this action among a number of others for important changes in golfing rules, which will be presented at a rules conference in New York Friday.

Wilbur H. Brooks of Cleveland, president of the Western Golf Association, and James E. Nugent of Kansas City, president of the Trans-Mississippi Golf Association, will make the recommendation on behalf of western golfers at the New York gathering.

Following are the recommendations:

That the stymie be abolished.

That the penalty for a ball being in the stymie be a ball out of bounds.

That the honor in a privilege and it should be optional with the side who wins a hole who plays first at the next teeing ground.

That the concession of putts be prohibited.

That a ball to be out of bounds must be wholly beyond the bounds of the course.

That the stymie be changed so that when a player wishes the ball lifted for purpose of identification, the opponent shall on request lift the ball and then carefully replace it.

That practice strokes be clearly indicated.

A recording of the rules also will be recommended and a point will be made against the standardization of golf balls.

ANGELS WIN BY BUNCHED HITS.

(By A. P. HUNT WIRE.)

SEATTLE, April 28.—The Angels won a ball game today but lost an infielder. Tex McDonald, third baseman for the Angels, broke his leg in two places this afternoon and will be out of the game for the Los Angeles club.

The Angels won the game 3 to 2. The score was three runs to two.

Oris Crandall, one of the fastest pitchers in the league, was effective against Seattle, beat the local again today. Crandall was in action for two hours and a half.

He got out of the game without a run being registered. Meanwhile the Angels scored a home run in the fifth inning which earned the men of Killefer three runs and a victory.

Crandall managed to escape a run across in the sixth inning. Killefer drove a two-base hit into left field, one man away.

Sammy Baker beat out a hit. Deep short and Murphy scored. Killefer drove a two-base hit into center.

Crandall forcing home at the end for the third killing.

BEES SUFFER BIG RELAPSE.

(Continued from First Page.)

Under Dorton's towering eye, capturing it when it came down. Single High was not given anything but a traveling missile, and after looking over four wide ones, filed the bases. It was here that Dorton began steering the ball directly at the plate. He did this once too often. DeVormer hit the ball so hard that it never looked quite the same again.

AT LEMONADE SIGN.

Like Rumber, he aimed directly at the lemonade sign. There was the scream of the traveling missile, and the long splash when it found its mark. And with the splash, run, Dorton began to move. Such scenes as this are not witnessed every day of the week. Profane was so satisfied with the general result that he whiffed.

Verone added a run in the seventh, on a sacrifice by Chas. Jones and Epton, sandwiching Edgington's walk. In the eighth with one out, DeVormer pitched over to third. Such scenes as this are not witnessed every day of the week. Profane was so satisfied with the general result that he whiffed.

THE NEW. IN STORES AND HOMES.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

Up-to-date:
Ruffled not for trimming
summer frocks, whether those
frocks are silk or gingham. As
easing to ruffles of the dress
material, for undergarments and
vests, and sometimes for
these trimly side panels which
terminate in hip draperies, not
forms the unsubstantial finale.
Lace, so fine and web-like
that it seems to take on the
coloring of the fabric with
which it is used. Nothing is
more refined than lace; nothing
more potently testifies to good
taste in dress than does the
choice of quality in lace.
Field flowers and old-time
garden favorites for wreathing
summer hats. Whatever other
trimming fashion favors, flow-
ers are pre-eminently her
choice for the hat to top the
summer costume.

Now Is the Time to Buy:
The correct. This is correct week,
even though not so complicated in
the bond—or the advertising. Sev-
eral of the leading stores have made
corset specials for the week; one
has been holding a special sale of
corsets; another sets forth the cor-
set of certain makes in
figuring your figure into slender
lines, and one large store has
its auditorium teeming with a man
who declares that he can straighten
out all feminine life and even heal
man's and woman's broken bones
by means of properly adjusted cor-
sets of a certain make.
At the month-end sale, which
comes the latter part of the present
week, any of the wanted articles
from almost any section in these
stores making a point of these popu-
lar monthly sales.

Lovely Men!
If you are a matinee idol wor-
shiper—even though you will not
confess the weakness—do not fail
to see the lovely men parading in
the windows of that popular Spring
street clothing store! The hand-
some fellows are there for the pur-
pose of showing men the way to
wear clothes; but since they are
there, the ladies need not forbear
women from also studying the hand-
and fit of masculine garments, when
displayed with such beautiful
perfect forms. If I meet you there,
I'll not expect your thanks for this
valuable "tip," and I'll not tell on
you—to husband or betrothed! That
men are interested is proven
by the crowds before those win-
dows. And yet men are not vain,
or interested in fine raiment did
I hear you say?

Those Busy Belgians.
Have you seen the interesting ex-
hibit of Belgian lace, in that Ser-
enith-street store?
One example, it is said, took
forty-five years of "spare-time"
work to finish. It would require a
hundred years of steady busy-ness
to accomplish this, by any sane
fingers trained, generation after
generation, to expertness in handling
the gauzy threads.

Precious Copper.
Copper has become a precious
metal, it would seem. Accustomed
to seeing copper chafing dishes,
coffee and tea urns, it is an in-
novation to find sweet dishes and
cups on high standards, fashioned
from this erstwhile utilitarian
metal. They are beautiful, too; and
one or two upon a table among
dainty glass and china, would serve
to illumine, as nothing else could
do. Not even brass could so well
serve as a high light in artistic table
decoration.

"Nothing On!"
On the street the other day, I
overheard two girls talking about
the forthcoming ball, where every-
one was supposed to wear either
evening or old clothes. "Honestly,
I haven't any old clothes," said
one, "not anything!" "Can't you
even scrape up an old blouse?"
asked the other. "No," she replied.
"We-e-e!" the first speaker thought,
fully replied, "let's see. I have one
chiffon blouse with a lace under the
arms—would that do, think?" "Yes!
Sure! Wear that! I have one old
dress—I'll wear that." Both were,
evidently from their appearance
and talk, girls earning good salaries
in business positions. Fighting old
fashion, armored in the best and
newest clothes—woman's most po-
tent weapon from the days of Tro-
jan Helen.

Made in Los Angeles Week.
Industrial Week will surprise us
all, I have no doubt; for manufac-
turing here has made wondrous
 strides recently. Scarcely a day
passes that I am not amazed to
learn that this or that lovely gar-
ment, suit dress, wrap is "made-in-
Los Angeles." For the most part,
some of the handsomest shown any-
where are made here. Our hats—
cheerful with what pardonable pride
I use the personal possessive "our"
—have taken prizes in competition
with New York. You know how I
revel in the fact of our city match-
ing laurel leaves from Gotham's
highly arched brow.

A New Economy.
The last of the beanst! How the
family rails about them—the fac-
end of the Sunday bean pot's con-
tent. Economical Aunt Jane—blame
her—insists that nothing good shall
be thrown away. Recently, for
dinner one Monday evening, we had
a delicious new casserole dish, and
all forthwith set to gusting with
the novel "blend." Finally, Bob-
bie hit upon the solution. The
despised left-over beans! But what
was the main ingredient? Aunt Jane
was obliged to tell us, when all our
grousing failed. Beans and chopped
round steak, seasoned with the
usual salt, pepper, paprika and a
dash of that Los Angeles Spanish
sauce, which so exactly simulates the
English cousin. The ingredients
were well mixed, moistened and
baked in a casserole, to a delicious
brown. And now, the bean let-
tuce have no further terrors for
the economy disciples of our dear
Aunt Jane.

flexibility

Judge the efficiency of your motor by
its flexibility. Because it is all-refinery
gasoline and has a continuous chain of
boiling points, "Red Crown" gives in-
stant response, quick "pick-up," smooth
acceleration, steady, dependable power
and long mileage. It is made to meet
the requirements of your engine. Look
for the "Red Crown" sign before you fill.
